LETTER TO THE EDITOR

(Written in rejoinder to REPLIES, IDEAS, EMAILS! on page 2 of the February Birch Log)

In response to your Shock...

I would be happy if we had an email alert - which purpose would be to remind us of meetings, Ed Eck Day and highest on my list - inform us of chemical treatments and the restrictions due to these treatments. I live on the end of SW and many times I leave by way of Jackson - not seeing any of the posted signs about the chemical treatments. A website would be nice to have, but if we use it to post the minutes of the meetings each month, then there would be even less reason to drag oneself out on a Monday night to attend.

I myself do not attend frequently and can see myself staying home and keeping abreast of the goings on in Birchwood via the website. It would be nice though for the directory to be there and personal ads to be placed for items for sale, babysitting, odd jobs, etc. But really I do like getting our little newsletter each month on good old paper.

So there you have it, my reply. I did not respond sooner as I made my preference known at the last meeting - that an email alert would be nice. I don't see why we can't start one immediately. Once everyone hears about it, they will wonder why they aren't alerted and quickly submit their email address.

That's all.
Kelly Maguire
